Helping animals....without borders. Because animal welfare has no boundaries.

We support animal welfare organizations in Honduras, Jamaica, Uganda, Tanzania, South Sudan, Namibia, Malawi, Ghana, Armenia, and Bosnia with 100% of your donation sent to our partner organizations.

Thank you for spreading the word about AKI--with your help we are making a difference for animals in poor countries:

[Please forward this message to a friend](#)

Please read below about how your donations have been improving lives. And please consider a donation to AKI during this holiday season as a gift to friends and family who are interested in helping animals around the world. You can choose the country/organization/program that you would like to support, and we will send a gift card at your request.

<http://www.animal-kind.org/>

Your support to AKI has....

- Allowed Helping Hands for Hounds of Honduras to provide veterinary treatment for dogs Galip and Lito and cats Lucho, Dapper, and Mitch and has provided food, medicine, and ongoing care for the dogs and cats at HHHH's Nereida Montes de Oca Sanctuary. Read more about these animals on the newly updated HHHH page, including Dapper, who was found dying by the side of the road by two university students. The students brought the kitty to Pilar, and after three months in Pilar's care, Dapper is doing just fine (as they picture shows)! We've updated the HHHH page with more stories about how AKI support has helped: <http://www.animal-kind.org/honduras.html>
- Provided food and vet care for Kingston's street dogs (some are shown in the photo below). For many of them, Deborah (Kingston Community Animal Welfare) provides the only food these dogs will get each day. Through KCAW, dogs and cats are spayed and neutered to better manage Kingston's street dog population. Read AKI's updated KCAW page for stories about how AKI has helped Kingston's street dogs and how you can contribute to this

effort:

<http://www.animal-kind.org/jamaicaadvocate.html>

- Helped Bosnia Animal Foundation to vaccinate dogs from the provisional shelter in Bihac. Elvira, who works with BAF, told AKI that "...Many puppies were dumped on the street and in front of the shelter. I used AKI funds to buy vaccines and use them for as many puppies as I could. The puppies were underfed, they were cold and had diarrhea which is treated now, thanks to AKI. These puppies would have all died because for sure their immune system would not be strong enough. Thank you AKI, hope to see many happy endings in future."
- Provided food, vet care, including spay/neuter, and other vital support to our AKI partner organizations; read the updated pages for Namibia rural SPCAs, Uganda SPCA, and Lilongwe (Malawi) SPCA for information on how AKI support makes a difference for our partner organizations--and for the animals.

We have also added information to the AKI website about new ways you can help AKI and our partner organizations:

<http://www.animal-kind.org/supportus.html>

Some of the ways AKI supporters have found to help are:

- The Stop Injustice and Cruelty (SIC) Club is raising funds for AKI, which will be designated for Kingston Community Animal Welfare.
- Camp Doglando (Orlando, Florida) is partnering with AKI to raise awareness and support for our partner organizations.
- One of our donors has written a book about Hope (see photo), the paralyzed dog who lives--happily and comfortably--at the Uganda SPCA. If you are interested in receiving a copy of this book, 100% of your donation will go directly to AKI's partner organization, the USPCA (Contact AKI for more information.)

- Other donors have sent funds for spay/neuter and to provide care for specific animals who are in need of expensive vet care.
- Some AKI supporters are traveling directly to one of our partner organizations to provide hands-on help!

A great way to support AKI through December is through the GlobalGiving Challenge. Your donation of US\$28 can spay a dog or cat in AKI partner organization countries. Follow this link to support AKI's GlobalGiving project (We will send a gift care if you donate as a holiday gift.): <http://www.globalgiving.org/projects/spay-neuter-500-dogs-and-cats-in-poor-countries/>

During 2012, we will continue to support our AKI partner organizations, and we hope you will join us. We've already heard good news from Ghana SPCA, where several new volunteers, along with some of those who stuck with the GSPCA for many years, are coming together to re-build a stronger GSPCA--stay tuned!

Happy Holidays and thank you for your ongoing support--we at AKI appreciate that you have trusted us with your donations, and we intend to continue to ensure that your donations are put to the best use possible to build stronger, sustainable animal welfare organizations in poor countries.

Karen Menczer, Executive Director
& the AKI Board
